

# BENEFITS

## make money

- Cheaper international calls
- Improve communication
- No need for costly infrastructure
- Reduce expensive inefficiency
- Make more sales

### Save more, make more, get more

Large cost savings added with increased sales. You will enjoy better quality on international calls and receive a level of service you didn't think existed from a telephone company. That's the deal. Pretty simple really...

We work with you to make sure you are saving money and receiving benefits to help your business to make more money.

**“If profitability is key, then Avance Telecom’s services are essential.”**

*James Manyoni - Managing Director*

## more sales

- No engaged tone for customers
- No international calling rates for UK clients
- Immediate and professional call response
- No “I’ll call you back from another desk”
- Better call quality improves phone sales

### Make a real impact on your sales figures

Communication is the most critical element in the sales process. The better your communication, the more sales you make. Avance Telecom can help you communicate more clearly and more professionally, and save you money at the same time.

When customers know they can get hold of you first time, every time repeat business improves too...more sales!

**“I was surprised to see how much Avance Telecom improved our sales.”**

*Andy Davies - Call Centre*
